

Sinfonia 3 (from Three-Part Inventions) by J. S. Bach *Arranged for Saxophone Trio*

The following pages contain the parts for a transcription for saxophone trio (SAB or SAT).
Comments regarding the transcription:

- The original key is preserved.
- As with the Bach-Gesellschaft edition this transcription was based on, no dynamic markings are included. Dynamic decisions are left to the performers.
- Tempo markings are merely a suggestion.
- There's an optional tenor part substitute for the baritone to allow an SAT performance. Several octave shifts were required in the tenor part.

I've provided this transcription free of charge. If you perform this piece, I'd appreciate hearing about it and if possible, I'd like to receive a copy of the program and a recording. I can be contacted at eddie@classicalsax.com
